

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vibrant and vivacious—a good, clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anemic-looking men, women and girls with pale, muddy complexions; instead of the multitudes of "nervy" women with "nervous" faces and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is gained by drinking each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it.

These subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion, who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a few cents.

Some of the prisoners at the jail have been ill with the grip and have been receiving medical attention.

Thomas Monahan, a student at Hartford, was at his home here over the weekend.

It is expected that a number of local boys will enter the new trade school under construction at Putnam.

Ice on one of the ponds near Dayville is 12 inches, and cutting is to begin this week.

Ten Degrees Above Zero.

Monday was the coldest day of the winter in Danbury with an average temperature of 19 degrees above zero.

Some of the prisoners at the jail have been ill with the grip and have been receiving medical attention.

Collectors Entertained.

Collectors of St. James' church were entertained at St. James' rectory Sunday evening.

Selection of Killings held a meeting Monday to give attention to a few minor matters.

Ice at the Quinebaug lake is reaching the point where it is almost ready for cutting, which a few days of weather like Monday's would bring.

Funeral of Francis Sands.

Funeral services for Francis Sands, who died Sunday at his home in the Danbury section, were conducted Monday by Rev. James H. George, pastor of St. Alban's church.

The body is en route to New Brunswick for burial. The funeral was in charge of the funeral arrangements.

Anthony Ames 80.

Anthony Ames is observing his 80th birthday at his home here today.

Ames is one of the oldest citizens of Danbury. He has been prominent in the educational affairs of the town and in the state.

Mrs. Lucetta Daley's Funeral.

Funeral services for Mrs. Lucetta Daley, colored, 82, who died at her home on Potter street Sunday morning, were conducted at Brooklyn Monday afternoon 2 o'clock.

Burial was in the Brooklyn cemetery. Louis E. Kennedy was the funeral director.

Local Greeks Anxious Over Home Conditions.

Greek residents of Danbury, who for several years have been making careful attention through their own language papers published in this country, are frank to state that revolution in Greece, they believe, will be attacked by troops of the Greek army, this with or without orders.

Several residents of Danbury have brothers or cousins among the Greek troops that are in the vicinity of Salonika.

PUTNAM

Meeting Planned For Wednesday Evening to Organize Building and Loan Association—Committee of 75 Named—Trade School to Have Night Sessions—Mayor McGarry Ill With Grip.

For the purpose of getting the endorsement of citizens and their support of the plan to organize a Building and Loan society in Putnam, there is to be a meeting in the rooms of the Putnam Chamber of Commerce Wednesday evening at 8 o'clock.

M. H. Gelseler, Richard Gorman and M. L. Lown, the Chamber of Commerce committee that has investigated the Building and Loan society proposition, their report being approved by the directors of that body, have prepared a list of seventy-five names of men who are to be asked to serve on a general committee, or group of committees, to take up the work of promoting the new organization and enlisting the support of citizens, as will be required to make the project a success.

The committee of seventy-five, as invited to serve, and it is expected that nearly all will accept, is made up as follows:

George E. Shaw, Postmaster Alexander Gilman, Ray C. Bosworth, Isaac Champeau, Attorney, P. Carpenter, Frederick Dumas, Joseph Lapalme, City Treasurer C. H. Brown, Joseph J. Dwyer, C. M. Durand, Edward E. Burt, E. S. Boynton, F. J. Daniels, Hector Duvert, C. M. Elliott, David Flag, County Commissioner John A. Dady, Arand Magnan, Ulric Beausoliel, H. M. Benoit, Frank Condit, F. X. Lucier, Alfred Bonnevillie, Dr. Omer Larue, Joseph Plessis, J. S. Daigle, N. A. Ballard, F. C. Waterman, Silas M. Wheelock, John H. Gossom, Phastine Giroux, Joseph Lombardo, Luther M. Keith, Richard Gorman, A. D. Lyon, M. H. Gelseler, G. Harold Gilpatrick, John B. Byrne, Rev. S. J. Hartman, John O. Fox, E. M. Wheaton, John C. Johnson, E. C. Kinney, E. B. Kent, Chester E. Child, W. J. Bartlett, J. A. P. Gagne, Mayor J. J. McGarry, C. L. Duggett, W. E. Davison, J. Richard Carpenter, C. L. Sharpe, Charles M. Letters, L. O. Williams, Omer J. Milot, John E. Sablin, Peter Bryla, John Sterling, Leon T. Wilson, Ernest C. Morse, C. E. Dean, A. W. Marcy, W. F. Baffery, Jacob Price, E. Diamond, Charles Sedor, Archibald Macdonald, L. H. Fuller, F. F. Seward, J. P. Sherry, F. F. Russell, Clinton S. Andem, Byron D. Dugbee, H. S. Whipple.

At the meeting Wednesday evening there will be speakers and the whole proposition will be discussed and it is expected that at that time a date will be fixed for holding a public meeting at which speakers will be present and at which it is expected a corporation will be formed.

Under the plans as now outlined the Building and Loan association will make it possible for any working man who is industrious and thrifty to own his home. The project will be simply consist of getting a house lot, and thereafter paying back to the association a monthly installment of no more than he now pays each month for rent. It was estimated on Monday that one who has gone into the proposition in some detail through the proposed monthly payment plan a man could own his own home in about 11 years, whereas many men now pay rent every month through every year and own nothing when they are through.

NIGHT SESSIONS PROMISED.

Trade School to Offer Opportunities to Those Employed During the Day.

It was stated here Monday that night sessions of the trade school are to be held, but the date has not been announced. This announcement will be of special interest to persons who are employed during the day, but who will embrace an opportunity to spend evening in study such as the Trade school courses provide, with the almost positive assurance that the completion of a course at the school will mean better position, more money and the additional comforts of life that come to those who are well paid for their daily work. It is probable that the attendance at the school will be considerably increased as soon as the night courses are established. What Putnam people will do in the way of attending evening schools has been amply demonstrated during the past few days by the attendance at the night school in the High School building.

Perfect Attendance Report.

Pupils with perfect attendance records at the Israel Putnam school for the term ending Dec. 24, 1914, were:

Grade I: Antonio Caccapuoti, Frances Caffrey, Arlene Donovan, Wilfred Portney, Dorothy Morse, Stephen Trip, Gordon W. Winslow. Per cent for term 31.5.

Grade II: George Carpenter, William McAndrew, Caroline Harrington, Ruth Perry, Marion Tolman. Per cent for term 34.

Grade III: Catherine Allard, Alice Alvord, Pauline Gusiaski, Florence Spillney, Marion Arnold, Harold Wilcox. Per cent for term 32.5.

Grade IV: Lucy Caccapuoti, E. Franklin Perry, Napoleon B. Williams. Per cent for term 35.

Grade V: Odile Bencit, Joseph

factorily worked out, for the concern operating at Williamsville never has to worry about selling its product, being in position to place many times as much as it is producing from year to year.

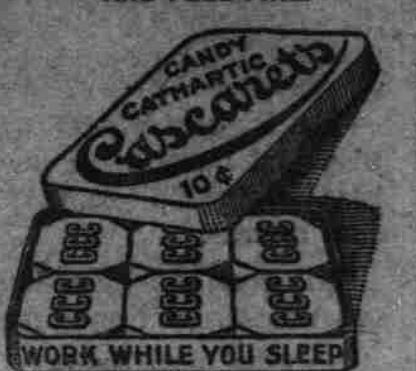

Should the yarn mill be built, it is considered that the electric road project might look with more favor on a plan of extending their line a mile west from their tracks in Dayville, putting Williamsville in transportation line and thereby giving it advantages that would almost immediately result in the further development of the village, which has been manufacturing center for more than half a century.

ADDITION TO WILLIAMSVILLE PLANT

IT'S YOUR LIVER! YOU'RE BILIOUS, HEADACHY, SICK!

DON'T STAY CONSTIPATED WITH BREATHE BAD, STOMACH SOUR OR A COLD.

ENJOY LIFE! LIVE YOUR LIVER AND BOWELS TONIGHT AND FEEL FINE.

Tonight! Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, breath offensive and stomach sour. Don't stay bilious, sick, headachy, constipated and full of cold. Why don't you get a box of Cathartics from the drug store now? Eat one or two tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. You will wake up feeling fit and fine. Cathartics never gripe or bother you all the next day like calomel, salts and pills. They act gently but thoroughly. Mothers should give cross, sick, bilious or feverish children whole Cathartic any time. They are harmless and children love them.

LOUIS E. KENNEDY DANIELSON Undertaker and Embalmer Special Attention to Every Detail.

Dove, Herbert Clark, Ruth Shaw. Per cent for term 32.46.

Grade VI: Dorothy Fone, Aurora Chagnon, Ester Franklin, Mildred May, Henry Quinn, Gladys Gil, Mary Menton, Emmet O'Brien, Daniel Williams. Per cent for term 35.16.

Grade VII: Henry G. Brousseau, Eugene L. Lohle, Robert F. Bague, John T. Ryan, Leslie E. Whitmore, Gladys V. Andrews, Una M. Forney, Beatrice D. Gardner, Jeanette N. Gilbert, Antonio T. Girault, Blaise Ledoux, Yvonne L. Chagnon. Per cent for term 37.3.

Good Time to Cut Ice.

Putnam experienced the coldest day of the winter Monday, a real sample of Arctic tang. It was cold all day and the early morning the temperature was in the vicinity of 30, but it began to drop rapidly soon after sunrise and was down to 12 above by the noon hour. The cold was more effective in giving humanity the shivers by reason of the fact that it was driven by a high wind. There is plenty of ice herabout now and prompt work in housing it will mean an abundance of the cold-stuff for next summer.

News Briefly Stated.

Judge E. G. Wright, who has been ill at his home, is much improved in health, his many friends are pleased to hear.

Mayor J. J. McGarry has been ill with the grip, one of the city's many patients.

Henry C. Morgan of Norwich was a visitor with friends in Putnam Monday.

Windham High School's basketball team comes here Wednesday evening for a game with Putnam. The game will be at 7:30 p.m. in the High School building.

C. J. Harriman of St. Alban's church visited Bishop Suffern, E. Campion Acheson at Danielson, during the bishop's stay in that place.

Putnam's population is due for a considerable increase in the spring as the result of the increase in the size of industrial plants in the city.

NOANK

Mr. and Mrs. Earl Nason Married Fifty Years Death of Mrs. John F. McDonald—Royal Neighbors' Whist.

Mr. and Mrs. Earl Nason celebrated their 50th wedding anniversary Monday. They are both in good health. Mr. Nason has been crossing tender here for about 30 years.

Funeral of Mrs. McDonald.

The funeral of Mrs. Sarah McDonald, formerly of this village, will be held here. Burial will be in the family lot in St. Mary's cemetery, New London.

Mrs. McDonald was the widow of James McDonald of Noank and died at St. Mary's home in West Hartford Saturday morning after a short illness, aged 78. She was born in Prince Edward's Island and had been a resident of Noank for many years, where her husband had been foreman of a shipbuilding plant. She leaves two sons, Rev. John F. McDonald, assistant pastor of St. Michael's church of Hartford, and Selectman J. Alfred McDonald of Groton; a daughter, Sister Mary Rose, of New London, and several sisters.

Public Whist.

Maple Leaf camp, Royal Neighbors, held several out of town guests at the public whist Monday evening. William Holaday was the chairman of the arrangement committee.

Week of Prayer.

The week of prayer in the Methodist

every year every month every year

s m t w t f s

happy days!

"Tux" is the happy smoke. It just packs the smoker's calendar so plumb full of fragrant delight that a gloomy day can't crowd itself in edgewise. That mild, soothing taste of "Tux" has introduced many a man to the joy of pipe-smoking and a regular unending procession of happy days.

By far the most pleasant pipe-smoke in the world is Tuxedo. Think of the supreme satisfaction of being able to smoke your pipe all day, and day after day, without a particle of discomfort! You can do it with Tuxedo—because Tuxedo is made wonderfully mild and absolutely biteless by the original "Tuxedo Process."

That process is what makes Tuxedo different from any other tobacco made. Others have tried to imitate it, but never successfully.

Just try Tuxedo for a week and you'll smoke it ever after.

YOU CAN BUY TUXEDO EVERYWHERE

GRLES! MOISTEN A CLOTH AND DRAW IT THROUGH HAIR

IT BECOMES BEAUTIFULLY SOFT, WAVY, ABUNDANT AND GLOSSY AT ONCE.

SAVE YOUR HAIR! ALL DANDRUFF GOES AND HAIR STOPS COMING OUT.

Surely try a "Dandarine Hair Cleanser" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Dandarine and draw carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oiliness. In five minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Dandarine dissolves every particle of dandruff, invigorates the scalp, stopping itching and falling hair.

Dandarine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, life exhilarating stimulating and life-prolonging properties cause your hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Dandarine from any drug store or toilet counter and try it as directed.

Save your hair! Keep it looking handsome and beautiful. You will say this was the best 25 cents you ever spent.

Fur and Fur Lined Coats

To clean up season's stock have cut the prices. Might have your size.
